Field Trip

Student Thank You Email

The following copy can be used for a Thank You email sent after a Field Trip. It's for use in text-only email and may not be used with graphics or other HTML formatting. Emails can only be sent one at a time. They should never be sent to groups or in mass distributions.

Subject line:
Thank you for joining us for a Field Trip.

Dear <Name>,

Thank you for joining us for a Field Trip to the Apple Store. We hope you and your students enjoyed the Interactive Storytelling session. We had a great time working with your students and helping them bring their stories and creativity to life. As a follow up, I wanted to share a few resources that you might find helpful when planning your curriculum and next lesson.

Education apps at the App Store
Discover a great collection of curated apps designed just for educators.
http://www.itunes.com/retailfieldtrip

Apple and Education
Explore how teachers like you are using technology and apps in their classroom.
http://www.apple.com/education/

Workshops
Join us for a free workshop. Learn everything from basic tips on using your Mac to creating your own Multi-Touch textbook with iBooks Author. Browse workshops and reserve online.

Thank you for joining us for a Field Trip.

Dear <Name>,

Thank you for joining us for a Field Trip to the Apple Store. We hope you and your colleagues enjoyed the Content for the Classroom session. We had a great time collaborating and exploring ways to use iPad and apps in your lessons. As a follow up, I wanted to share a few resources that you might find helpful when planning your curriculum and next lesson.
